

Help Flood Stricken

The Red Cross is still in need of additional funds to aid families stricken by the recent Mississippi floods. Special contributions may be made at the office of G. E. Farley, 251 E. Campbell Avenue.

Volume 57, Number 41

Deputy Sheriff Is Now On Four Hour Patrol Here

A deputy from the sheriff's department is now on duty in the Campbell area on a four hour basis each day. The deputy, who started his patrol last week, is serving duty as a walking patrol only. Captain Bennett of the sheriff's office, stated that the new arrangement is an experiment whereby the department hopes to prove the necessity of an officer in the Campbell area.

Deputy David J. Adams, who has been serving in the sheriff's department prior to passing his civil service exams and being assigned to the Campbell patrol, spends four hours of his shift in Campbell and the other four hours in the Burbank area.

Hourly reports are telephoned into the sheriff's office by Adams and the deputy has established certain business phones which may be called in case of emergency. Those who wish to contact Adams may do so by phoning one of the following numbers: Five Spot Drive-In, 9864; Blue Bell Cafe, 9854; Parker House, 3590; and Campbell Liquors and Sporting Goods, 3565.

Adams, who is married and has three children, was appointed temporarily to a post in the department prior to passing his civil service exams and receiving permanent appointment.

He emphasized that his patrol was not a traffic patrol, although he will handle parking violations of all kinds. He cautioned residents that the parking limit is two hours on Campbell Avenue.

Captain Bennett of the Sheriff's office stated that he wishes to make it clear to everyone that he believes the residents and business people of the Campbell area are entitled to sufficient protection and said that the new arrangement is being tried out in an effort to prove that fact. "Unfortunately, we have not enough men in the department to supply full time, around the clock protection to these people, but we believe the four hour patrol will prove to be a vast improvement over previous schemes."

Hear Talk On Forming Clubs

Joe Gabriel, past district governor, district 155, Rotary International, from Hollister, spoke to members of a special joint meeting of the Campbell and Beverly-Burbank Rotary Clubs last Tuesday at Lou's Village, on the meaning of Rotary and the problems which arise from dealing with clubs on an international level.

Gabriel, who has had extensive experience with Rotary clubs on an international level, told the group of many of the difficulties encountered in forming clubs in other countries. "One of the most difficult problems arising is that of language," he cited as an example, the translation of the motto of the Rotary International, "He profits most, who serves best," stating that the meaning of the word "profit" is intended to signify the gaining of happiness. "If this is not translated very carefully, it may have a derogatory meaning."

The past governor went on to tell his audience of the extreme value of Rotary in Europe and Asia, stating that Russia is the only major country in the world which has never had Rotary. "We had many problems in forming a group in Cairo," he continued, "with the most difficult of them being racial problems. We also met problems in religion and language."

The greatest problem in forming a group in India was that of the extreme poverty. Other problems which had to be solved included that of the cast system, religion and vegetarian and non-vegetarian.

The speaker told the group that Rotary is "service above self" and includes fellowship, competitor understanding, and civic service. He also told the clubs of the beginnings of the Rotary movement saying that it was originally started by businessmen as a "back-scratching" group.

The next meeting of the Campbell Rotary Club will be held August 13 with Dewitt A. Portal, San Jose boxing and wrestling instructor, as principal speaker.

A board meeting will also be held at 8 p.m. on August 13.

Register Now

Residents of the Campbell area are urged to register early for the incorporation election. Residents may register with Ellen Lanphear, 29 E. Campbell Avenue, or with G. E. Farley, 251 E. Campbell Avenue.

Friday, August 10, 1951

The West Valley Hospital as it will appear upon completion is pictured above in the architect's drawing of the proposed building. As the hospital is pictured here it is designed to accommodate 50 beds, but expansion to a 100-bed hospital is planned. The center section of the construction will house the administrative offices while the wings will be the main wards. The left wing will be for surgery and medicinal patients, while the main right wing will accommodate maternity, nursing and pediatric patients. In back of the main wing is the surgery and delivery wing. Next to the

administrative building is located the kitchen and storage area. Exterior construction of the hospital is expected to be of cement block. The structure will cover 28,000 square feet of floor space on a single story basis. An estimated 68 percent of the space will be used for basic hospital facilities with the remainder of the space being devoted to beds. A bond election for \$750,000 for construction of the hospital which will serve the Campbell-Los Gatos-Saratoga area is scheduled for September 18. Sobey and Green, architects. Sketch by Dick Finnegan.

Union Pickets Cozy Cafe; Charges Cafe With Refusal To Negotiate

Members of the AFL Cooks and Waiters Union, Local 80, San Jose, placed two pickets in front of the Cozy Cafe, 205 E. Campbell Avenue this week in protest to what union officials termed, "Refusal to negotiate for the signing of a general contract." The local joint executive board of the Culinary Workers, Cooks, Waitresses and Bartenders Union stated that the establishment has refused all offers by the union attempting negotiation for the signing of a general contract which sets wages, hours and working conditions of restaurant workers throughout the county.

Pete Spragia, owner of the business, said that he will refuse to sign any agreement until the union holds a meeting of all the restaurant employees in the area to allow them to vote on whether or not they wish to belong to the union.

The Cozy Cafe is the second Campbell restaurant to be picketed by members of the union. The Blue Bell Cafe, 210 E. Campbell Avenue, has been picketed by members of the same union since February, 1951. Spragia, who had been approached at the same time as the owners of the Blue Bell Cafe, stated that he had only one person in his employ at the time and that the union contract covered establishments who hired two or more employees. Spragia, who now has two employees at the restaurant, said that he was at a loss as to why the union was picketing the cafe. "We pay standard wages and have standard working hours. If the union will call a meeting of the employees of all the restaurants in the area and allow them to vote on whether or not they wish to belong to the union, we can then talk about working things out."

Employees of the Cozy Cafe stated that they were satisfied with their present working

conditions and wouldn't be working there if they didn't like it.

The executive board of the union when asked if they considered the working conditions in the two restaurants to be sub standard. A spokesman for the board stated however, that he suspected that a lot of conditions were not up to the county standard as set forth in the general agreement.

Azalea Shaw, owner of the Blue Bell Cafe, stated that she believed the working conditions and wages in her restaurant were on a standard with those of the best establishments in the county. She said that she will refuse to negotiate with the union until they call a general meeting of all the employees of all the restaurants in the county. (Continued on Page 8)

Campbell Man in Auto Crash

Robert Olson, 22, of 400 Foxworthy Avenue, was involved in a non-injury accident Tuesday morning on the Stevens Creek Road approximately 150 feet east of the Sunnyvale-Saratoga Road. Olson was driving west on Stevens Creek Road when his car collided with a vehicle driven by Mike R. Buccellato, 27, of Rt. 1, Box 453, San Jose. The Highway Patrol reported no injuries as a result of the accident.

Cambrian Club Circulates Petition To Exclude Area From Incorporation

A group of residents in the Cambrian area are circulating petitions seeking the exclusion of certain areas in the Cambrian district from the proposed boundaries of the incorporated city of Campbell. The area included in the petition is roughly bounded by White Oaks Avenue and McGlincey Lane on the west, Dry Creek Road on the north, Union Avenue on the east, and by a line drawn diagonally from the junction of White Oaks and San Jose Los Gatos Road to Union Avenue on the south.

The petitions, which are being sponsored by the Cambrian Men's Club are under the direction of R. S. Kaiser and Clarence F. Helms. Kaiser stated that members of the club feel that incorporation within the city limits of Campbell would offer no services to the area which are not already included in the special districts. "The largest police force that Campbell could afford would not total more than three officers and we feel that that number would be entirely inadequate to service this area properly."

"Most of their time would be spent in the business district of Campbell anyway. The largest fire department which they could afford would not exceed more than a nucleus of three full time members and we feel that the service we are receiving from the county and our own district is perfectly adequate to handle any situation which might arise here."

The spokesman for the group stated that the persons he represented felt that inclusion within the incorporated area of Campbell would merely place an additional tax burden on citizens so that the center of Campbell might be built up. "If Campbell were an established city with municipal buildings already built, and the initial cost of incorporation already paid for, we might consider the situation in a different light."

(Continued on Page 8)

CONSTRUCTION SHUT DOWN DELAYS OPENING OF CAMPBELL SCHOOLS; PLAN TO OPEN SEPTEMBER 17

The opening dates of the fall sessions of the Campbell Union High School and the Campbell elementary school district have been postponed until September 17 because the contractors shutdown now in effect throughout the county has halted construction on high school buildings which had been scheduled for completion before the opening of school.

BPW Holds Meet On Incorporation

Members of the Campbell Business and Professional Women's Club conducted a meeting on questions pertaining to the proposed incorporation of the Campbell area at a meeting held last Wednesday night. Eugene W. Barnes, member of the general committee for incorporation of the Campbell area, was present to answer questions for the group.

Members voted to hold meetings in the near future to allow both the proponents and opponents of the issue to state their views.

Ellen Lanphear was appointed chairman of the registration committee to aid in registering voters for the incorporation election. Her committee will be announced at a later date.

The meeting, which was held in the home of Mrs. Dorothy Jenner on Casey Road, was presided over by president Dorothy Ellis. Mrs. Bud Tunstall was a guest of the group.

An inter-club meeting will be held in the Mary Ann Gardens in San Jose on August 21. Members from Los Gatos, Sunnyvale, Willow Glen, Mt. View, San Jose, and Campbell will attend the meeting.

Kiwanis Hear Travel Talks

Mrs. Lowell Benson and D. H. Cramer spoke before members of the Campbell Kiwanis Club at their Tuesday noon meeting as part of a dual program. Both of the guests spoke on recent trips they had made.

Mrs. Benson told the group of her recent trip to Sweden and Paris and exhibited a few articles of interest which she had brought with her from those countries. She told of the difference in living standards between Sweden and the United States.

Cramer spoke on his recent trip throughout the United States and portions of adjoining countries. He traveled as far north as Montreal, Canada, and as far south as Guatemala. He told of the travel conditions in the various countries and areas which he visited. While in Guatemala, he stated that he visited for several weeks with former Campbell residents.

The program was under the direction of Arthur Mayo. The meeting was presided over by vice-president Laurence J. Hill. Next meeting will be held as a joint meeting with the Los Gatos Kiwanis Club and will be Thursday noon at Los Gatos.

The elementary school district action followed action taken by the board of trustees of the high school last Tuesday so that opening dates of both school districts would coincide.

Superintendent L. J. Hill, of the Campbell Union High School District, stated that the construction tie-up had necessitated the postponement of the opening originally scheduled for a week earlier to avoid overcrowding the existing facilities. "The construction shutdown might force us to run special sessions in some of the classes. The six classrooms which were being prepared for use during the fall term were scheduled to hold approximately 180 students. If the construction tie-up is not halted before the middle of next week, we may find it necessary to hold some of the classes in the auditorium and cafeteria."

The school expects a fall enrollment of approximately 1250 students, about 150 more than that of last year. Hill stated that construction on the buildings was ahead of schedule before the shutdown.

Nearing completion are the home economics unit, music building, girls' gym and swimming pool.

Elementary district trustees adopted the same schedule as that of the high school at a meeting held Tuesday night. They also voted to adopt a calendar providing for a two-day Thanksgiving holiday, two-week Christmas holiday, and a one-week Easter vacation with closing date of the school set for June 13.

The contractors shut-down, which was called last week by contractors in San Mateo, Santa Clara, and other bay counties, was brought about by a dispute between contractors and plumbers.

FIRE DISTRICT BUDGET GIVEN

The Campbell Fire District announced a preliminary budget totaling \$14,800 last week. The new budget would set a tax rate of .36¢ per \$100 valuation. C. C. Merrill, chairman of the board of trustees, stated that the largest expenditure contained in the budget was \$8,500 to complete payment for the new firehouse.

The new firehouse, officially dedicated several weeks ago, was constructed at a cost of \$28,000. Of this amount, only the \$8500 has been directly charged to the taxpayers. Balance of the funds came from the sale of the old firehouse and accumulation of funds.

Merrill stated that future tax bills should be lower in view of the fact that no additional expenditures for the firehouse are planned for the future. Last year's budget totaled \$15,500.

Licenses and Permits May Bring In \$11,000

Below is reprinted the second installment of reports from the revenue and taxation committee of the committee for Campbell incorporation. The report states that total revenue which might be expected from business licenses and departmental permits would be approximately \$11,000 annually.

The report, submitted by Leslie Kerr, was made on the basis of approval of the area selected for incorporation by the boundary committee, using a population of 10,000 persons.

The following is the text of Kerr's report:

BUSINESS LICENSES AND PERMITS

Considerable revenue may be secured from a Business License tax, licensing the transaction and carrying of certain businesses, trades, professions and occupations and every kind of calling carried on for profit or livelihood.

This tax is imposed either as a regulatory measure to secure compliance with city ordinances covering such features as health, etc., or as a means of obtaining income with which to finance city operations. The fees usually are greater when exacted for the purpose of raising municipal revenue.

A business license tax ordinance may be introduced at the first meeting of the city council and adopted as an emergency measure to take immediate effect. Revenues will be received by the city very soon.

One method of securing funds with which to finance a newly incorporated city during its "dry period," when receipts from property taxes are not available, is from Business Licenses and Permits. For example—the city of Capitola received no property tax monies during year ended June 30, 1950. Funds for operation during that period were derived from:

Licenses and permits\$6548
Fines and penalties4044
Privileges556
Subventions and grants12,536
Fees, charges for services41
Miscellaneous319

Total income\$24,044

The California city ordinance usually specifically provides that no fee is to be paid where the business is exempt by virtue of the con-

stitution or applicable statutes of the United States or the State of California.

The city ordinances are generally explicit in providing that no fee is payable by any charitable institution, organization or association, organized for benevolent purposes and where no part of any of its profits is used for purpose of private gain of any individual, firm or corporation. Other exemptions may or may not be stated.

Out of town merchants may be taxed at a higher rate than fixed businesses so long as the rate is not arbitrary or unreasonable or that its sole purpose is not to create a protective tariff for the benefit of local merchants. However, such fees would not only be most difficult to collect but would likely prove to be a disservice to local citizen and merchant alike.

Another source of substantial income is from the issuance of departmental permits. The principal items of this nature are fees collected by the Building Inspection Department in connection with new construction, plan checking and inspection of plumbing, electrical and gas-fixtures installations. Many other types of permits and charges are made by different cities.

On the basis of local conditions and attendant circumstances, it is assumed that a newly incorporated city of Campbell might reasonably anticipate probable annual revenues from Licenses and Permit fees approximating the sum of:

Business License fees\$8,000
Departmental Permits3,000
Annual Income11,000

Judging generally from the experience of the nine incorporated cities of Santa Clara County and from the 304 cities of California, the new city of Campbell might even anticipate an annual return from license and permit fees of something around \$2.00 per unit of population. However, these items are so highly subject to local administrative policy of a city as yet unincorporated that estimates made at this time must of necessity be considered as strictly a conjecture.

Furthermore, the potentiality for revenue from the area embraced by the proposed city boundaries are quite limited. As for example, a reliable source of information places the number of merchants and others subject to a license tax, at 112. And a prominent building contractor is of the opinion that new construction has declined one-half with the probability of a further decline because of added restrictions and advances in costs of labor and materials.

A feature that must be taken into consideration when projecting

a forecast of revenue possibilities of this character is that Campbell and its environs are predominantly residential. And it is quite probable that the citizens of this community will not consent to any change in nature.

It will be noted by reference to the following tabulation that the cities of Los Gatos, Alviso and Gilroy each impose a tax in excess of \$4.00 per unit of population; the rate for Los Gatos being \$5.32. The rates of Palo Alto and Santa Clara being less than \$2.00. Palo Alto is a residential community with a zoning ordinance that limits and restricts new enterprises while Santa Clara has a more liberal policy, and in fact, seems to offer special inducements to new industries.

Average for the nine cities of Santa Clara County is \$2.17 and \$2.79 for the 304 cities of California (see next table). Contrast these averages with the \$1.10 proposed for Campbell.

No attempt has been made to reconcile variations in city averages, neither is it considered essential in the premises.

REVENUES RECEIVED FROM BUSINESS LICENSES AND PERMITS BY CITIES OF SANTA CLARA COUNTY FOR YEAR ENDING JUNE 30, 1950.

City	Licenses		Permits Departmental	*Population	
	Business	Dogs		Total	Avg.
Alviso	\$8,000	\$—	\$—	\$3,000	\$5.15

Mrs. Virginia Ammon And Four Local Boys Return From Northwest Tour

Mrs. Virginia Ammon, 110 West Campbell Avenue, and four local YMCA boys were among the group of 38 boys and three adults who returned from a seven-day trip to Seattle and Victoria, British Columbia, last Monday evening. The four Campbell boys who accompanied the group were Raymond Morton, Michael Carlina, Billy Ammon and Jeff Ammon.

The group arrived in Seattle on Monday evening and spent two and one-half days as guests of the YMCA before continuing to Victoria for a three-day stay as the guests of the Victoria YMCA.

Mrs. Ammon stated that the most impressive item of the whole trip was the courtesy and hospitality with which the group was treated at all their places of call. She stated that the Victoria YMCA fed the group in banquet style every day and served food of excellent quality.

During their stay in Seattle, the group toured the locks leading from Puget Sound into Lake Washington. The ship which carried the group passed through the locks under its own power to gain access to Lake Washington. The locks, among the largest in the world, are equipped for travel in both directions at the same time.

During the tour, the group saw many of the homes on the shore of the lake, and sailed close to the University of Washington, which is located on the shore.

One of the features of the tour on Lake Washington was the floating bridge which is constructed across a portion of the lake. The bridge, used for auto and truck travel, is supported entirely by pontoons. Another of the interesting points of the voyage was the dismantling masts of the ship which enabled it to sail under any of the bridges without the necessity of raising the bridge.

Following their disembarkation from the ship, the group was transported back to the Seattle YMCA via bus.

The group also visited several of the famous stores in Seattle and enjoyed a picnic and swimming party at the Seattle overnight "Y" camp. Also included in their stay was a tour of a fireboat serving in the Puget Sound. The group heard a talk by Charles Hutchins, well-known bird expert and famous for his imitations of bird calls.

The group also visited the Empress Hotel in Victoria and saw the parliamentary buildings. Mrs. Ammon stated that the parliamentary buildings were constructed of gray concrete and were surrounded with large, well-landscaped lawns.

A portion of the group went swimming on the second day of their stay in the Canadian city while the remainder were given a ride in a survey to points of interest in the city.

During the afternoon of the second day, they visited several parks in the region including the Thunder Bird Park, which is famous for its collection of totem poles.

During the afternoon of the third day, the group was invited to tea at the home of Dr. T. W. A. Gray, officer of the YMCA board of directors in Victoria. While there, they enjoyed swimming and boating.

On the morning of the group's last day in Victoria, Orville Graves, leader of the group, and several of the boys, were guests of a teen-age radio program, while the remainder of the group were allowed to shop for souvenirs of their trip.

The group arrived home from their seven day tour of Seattle and Victoria 6:30 Monday evening.

Other adults who accompanied the group were Orville Graves, director of the YMCA in San Jose, and leader of the group, and Mrs. Mary Gonsales, who acted as counselor. Mrs. Ammon accompanied the group in the capacity of counselor and nurse.

Herbert Myrings To Visit Detroit

Mr. and Mrs. Herbert J. Myring, 50 W. Campbell Avenue, left on Thursday for a visit to Detroit for the 250th anniversary celebration of that city.

While there, the Myrings are planning a family and friends reunion. Myring is a former member of the Vittel Post 336 of the American Legion in Detroit. The group was organized in the army in World War I. The group is planning a party to welcome Myring back to his old post.

During their trip, the plan to stay a few days in Chicago to visit friends. They plan to be in the east for approximately three weeks.

The Myrings came to Campbell six years ago from Detroit.

Surprise Shower Held for New Mrs. Jack Williams

Mary Lou Williams, nee Mary Lou Cline, was the recipient of a surprise shower given in her honor by Mrs. Frank Richardson of Campbell on Friday evening, August 3.

Decorations consisted of fall flowers and candles in a wedding bell theme. A large sheet cake decorated with wedding bells centered the table. Twelve guests attended the shower.

The new Mrs. Williams was also the honoree of an earlier party given by her husband's parents on the evening of July 28. Fall flowers also carried out the fall theme of the party. A cake resembling a wedding cake was served to guests.

The bride chose a grey print dress for the occasion. Guests, who included the mother and father of bride, brought gifts for the just-weds.

Chrysler Equips 113 Thousand Cars With Power Brake

Chrysler has shipped its 113,000th car equipped with power brakes, reports J. A. O'Malley, vice president and general sales manager, Chrysler Division, Chrysler Corporation.

"Power braking was developed by Chrysler before the war to provide extra safety for fast stops," O'Malley said. "It has proven very satisfactory in the hands of owners who have given the equipment a gruelling test in millions of miles of highway driving."

The power brake unit is self-contained and utilizes intake manifold vacuum to multiply the braking power of the hydraulic brake system, O'Malley said.

"Chrysler power braking provides the driver with the proper 'feel' from the brake to enable him to determine the right amount of pressure to apply," O'Malley said. "For fast stops at high speeds, it requires only one-third the pedal pressure required to stop a car not equipped with power brakes."

Power brakes are standard equipment on all Chrysler New Yorker, Imperial, and long-wheel-base Windsor models and they will be standard on the Saratoga models which are being introduced in August. They were first introduced as optional equipment in 1933 on Chrysler Imperial models.

California's land area is greater than that of the British Isles.

Mrs. Irene Hodges Is Installed At Rebekah Meeting

Mrs. Irene Hodges was installed as president of the Past Noble Grands club of the Ada Rebekah Lodge by Mrs. Neva Kenny and Mrs. B. Silberbauer at their meeting held last Tuesday. Other officers installed at that time were Mrs. Helen Wrigglesworth, vice-president; Mrs. Edith Morley, secretary; and Mrs. Grace Gardner, treasurer. The new president appointed Mrs. Myra Payne, chaplain, Mrs. Lottie Rice, sunshine, and Mrs. Reba Chappell to publicity.

The meeting was held at the home of Mrs. Irene Hodges with Mrs. Bessie Merrill assisting her as co-hostess.

At the close of the meeting, Mrs.

RUMMAGE SALE

The Star Circle will hold a rummage sale, August 24 and 25 in the vacant store on Campbell Avenue next to Fields' Grocery. Anyone wishing any items picked up is asked to phone Campbell 4685 or 2359.

Will Talk To Grange

Rev. E. Bolling will speak before the August 14 meeting of the Orchard City Grange on the work of the Good Will Industries in helping the handicapped. He will also show pictures to the group. The public is invited to attend.

Ruth Livingston, retiring president, was presented with a gift from the club. Following the meeting, the hostesses served refreshments to members of the club.

The next meeting will be held at the home of Mrs. Dora Bongiovanni, with Mrs. Helen Rise assisting her as co-hostess.

CAMPBELL REGISTER

MRS. P. N. FLAGG of 10 Lowell Way is undergoing surgery this week in the San Jose Hospital. She is expected home Saturday.

Mr. and Mrs. Fred Jones Jr. and their family left last Friday for a vacation at Lake Tahoe.

Mrs. G. K. Schrader was host at a luncheon in the garden of her home on Union Avenue on Tuesday afternoon. It was in honor of Mrs. Roe, who with her family will soon be moving to Lafayette. A daphne was presented to her for her new home by those present. Guests were Mesdames H. Roe, E. Van de Mar, M. Stepovich, R. Addison, G. Bush, C. Knutsen, M. Wallis, G. Beard and G. Schrader.

MISS WINNIE GRIZZLE and MRS. FLORENCE COTTLE returned Sunday from a week's visit in Klamath Falls, Oregon, where they were guests of MRS. GEO. GRIZZLE. While in Klamath Falls the vacationers took many side trips, including one to Crater Lake and another to the Indian Reservation at Modoc Point, where Miss Grizzle taught school for five years, 23 years ago. Miss Grizzle reported that the scenery is much changed since then and no trace of the school house could be found, not could she locate the territory where the stage driver formerly dodged tree stumps on the trail. Mrs. Cottle is the former Florence Wagon of Campbell.

MR. AND MRS. RICHARD GORDON and family moved over the weekend into their new home in Coral Manor at 51 Jane Ann Way. Mr. Gordon is music instructor at the Campbell Grammar school. The Gordon family formerly resided at 397 E. Campbell Avenue.

You're invited to meet "the future"...

at your Chrysler Dealer's **NOW!**

1 COME DRIVE 180 HORSEPOWER!

While others talk "laboratory engines," Chrysler brings you Fire-Power now! FirePower's revolutionary new design brings new ruggedness, reliability and smoothness of operation. Even on non-premium grade gasoline FirePower gives amazing new performance no other American passenger car can equal.

2 COME FEEL POWER BRAKING!

Not just "coming sometime" but here right now! Smoother, easier, safer, than any brakes you've known. A special power unit helps you apply your brakes at the touch of your foot on the pedal... cuts foot pressure required by as much as two-thirds!

3 COME TRY HYDRAGUIDE POWER STEERING!

Others may have it "some day." Only Chrysler has it now! At your touch on the wheel, hydraulic power does four-fifths of the steering work for you... gives steering safety and ease... steadiness in ruts or soft shoulders... you can't imagine till you feel it!

4 COME RIDE ON ORIFLOW!

Notice the difference on rough roads especially... feel for yourself the truly amazing stability... new comfort and new safety... of new-type Oriflow shock absorbers having over twice the ride-steady control of those on any other manufacturer's cars!

COME IN TODAY... ONLY A RIDE CAN SHOW YOU... WHAT ONLY A CHRYSLER GIVES!

Borrow wisely, for worthwhile purposes. Know the exact cost in advance. And borrow no more than you can repay without interrupting your savings program.

Sport Scenes

By "Mac"

Best bet for a good game in the Junior League is coming up next Tuesday night when the Cupertino Youth Club meets the Los Gatos Kiwanis. The Los Gatos, who lost two to the league leading Youth Club in the first half of league play, have been steadily improving and have yet to be beaten in the second half of the league. We're putting our money on the Los Gatos boys for the coming bat battle. Not that we don't respect the still unbeaten Youth Club, but the Cupertino boys have been bait for every giant killer in the league. This isn't easy on any team and on occasion, Cupertino pitchers have been known to falter under the strain.

Billy Wilson, who starred for the Spartan gridders last year in the end position, is a boy who will bear watching. The Campbell boy has been rumored to be taking all honors with the S. F. 49'ers who signed him on this year. While playing for Campbell, Wilson made All-SCVAL honors in his senior year. Wilson, however, is no one sport man. While playing for the Spartan hoops, the Campbell man earned three letters. He was regarded as the team's outstanding hustler and rebounder during the NCAA tourney in Kansas City. His senior year found a new sport added. He captured the intra-college novice heavyweight wrestling championship.

Biggest booster for the former Campbell high school star is Spartan Coach Bob Bronzan. Bronzan has said that his protege will catch anything that's anywhere near him. Now it seems that Wilson is bringing the grid coach's statement nearer the truth every day.

Biggest feat of the coming hunting season has already happened. While all the other would-be nimrods were champing at the bit to get started, Warren Brown stole away a week ago last Sunday and bagged himself a four point buck with a bow and arrow yet. Says Brown to would-be archers: "Don't kid yourself, the only way to taste venison is to go after it with a gun." Looks like Brown believes his own words too. Says he's bought a new rifle and is just waiting for the clock to roll around tomorrow to see if he can knock off a venison in the conventional manner. If you don't believe Brown's story, take a run down to the Campbell Frozen Food Lock-

ers. You'll see 59 lbs of venison hanging on the hook there.

Newcomers to the Junior League are the Saratoga Recreation batmen. The Saratogans got off to a good start this season by downing one, two, three, in a row but hit a snag when the Cambrian Marketeers handed them a rough one with a 7-3 beating. Not in the slightest bit downhearted, Manager Dutch Thomas told us that his team was ready to do a little giant killing. Said they'd knock over either or both of their toughest opponents this week. Cupertino pulled the spikes out of Dutches club when their big guns proved too much for the spunky little Saratogans as they rolled over them. 10-7. The other big tilt of the week was the battle between the L. G. Kiwanis and the Saratogans. Don't have the results of that one at this time, but our guess is that the cats will scratch the other half of his statement.

One of the things we could never understand is how the neophyte can get his first shot at a juicy venison. Most guarded secret of the hunter is his deer hunting grounds. Trying to worm the location of one of those spots out of an old-timer is like trying to pull a hippo's wisdom tooth. Each private little hunting ground is guarded like the keys to Ft. Knox and woe is the man who tries to get that info.

Prediction for the year ... and here we're sticking our necks out for madame guillotine to do her work ... is a win for the Stanfords in the big tilt with the golden bear. Our forecast is based on nothing concrete, but we kinda think that after years and years of losses and then more years of "moral victory" ties, that the boys will break loose and finally take this year's battle.

After everyone else has put in his two cents, we'll add our comment to the West Point suspensions, discharges, or whatever they finally decide to name them. While it is very true that the practice of cheating on the exams may have been going on for years, still the practice of allowing a man to become an officer with the responsibility of the lives and comfort of from thirty to thousands of men, by cribbing on his officer training exams, holds about as much water as the "amafessional" grid teams of many of the colleges today.

Rally Gives 11-8 Win To Campbell Hardware Batmen

A last inning rally led the Campbell Hardwaremen to an 11-8 victory over a constantly threatening Campbell Grammar school team last Wednesday night on the local diamond. With the score all tied up at the end of the fourth and the fifth frames, the hardwaremen pushed across four tallies in the last to take the contest by an easy three points.

The Hardwaremen took an early lead when Bohn and Gregg both doubled in the first to cross the plate for two tallies. The grammarians were held scoreless in the bottom of the first as their opponents went on to score two more in the top of the second to gain a four-point lead. The grammarians scored for the first time in the bottom of the second when Hill took a pass, Neily singled, and Schraub took one on shortstop Manzoni's error. All three crossed for their team to put the score at 3-4.

Both teams drew a blank in the third stanza with Allen of the Hardwaremen getting the only hit of the inning.

In the first half of the fourth, Olmetti singled and came in to score the only tally for his team. The Grammarians opened up in the bottom of the fourth to score two runs on two hits and an error to knot it up at five each.

The Campbell Hardware team came back in the top of the fifth to score two more on an error, a walk, and a bunt as both Gregg and Allen contributed to their team's lead. The grammar boys tied it up again in the bottom of the fifth as Sipes and Sutterfield both crossed the plate.

Bohn singled in the last for the Hardwaremen and came across when Manzoni slammed one. Gregg followed with a single and Foglia bunted as all four men came in for the four-point lead.

The grammarians tried to even it up in the bottom of the last. James walked and stole two more to put him in position for the last lap. Neily fanned and Schraub swatted one to bring in the last score for the Campbell Grammar team.

THE CAMPBELL PRESS SPORTS

Deer Season To Open Saturday; Fair Hunting Seen In County

A salute of scattered rifle fire beginning at one-half hour before sunrise, Saturday, August 11, will herald the first of California's two general deer hunting seasons. Until September 16, two bucks is the bag limit in most of the Coast Range counties between Glenn and Mendocino on the north and Orange and Riverside on the south.

The State Fish and Game department predicts a normal season in Santa Clara county with deer in good shape.

Except for refuges, human habitations, agricultural areas, fire closures, and posted properties, the following counties will be entirely open during the early season: Mendocino, Glenn, Lake, Colusa, Yolo, Napa, Sonoma, Marin, San Francisco, Solano, Contra Costa, Alameda, Santa Clara, San Mateo, Santa Cruz, San Luis Obispo, Monterey, San Luis Obispo, Santa Barbara, Ventura, Orange, and Los Angeles. Westerly portions of Riverside, Kern, Kings, Fresno, Merced, Stanislaus, and San Joaquin counties, and the southerly portion of Tehama County will be open to nim-

Cambrian Downs Campbell Hardware 6-5, In Nip And Tuck Thriller

The Cambrian Market upset a fighting Campbell Hardware in a nip and tuck battle Tuesday night, 6-5. The Campbell team came from behind in the fifth frame to knot up the ball game at four all and managed to blank the marketeers in the bottom of the same inning. They then went on to score one more in the top of the last on a walk and a series of errors. Foglia bunted and was advanced by a pass to Hoehn. Whitaker took one when he was hit by a pitched ball and Foglia crossed to put the hardwaremen in the lead.

Bill Lazelere was put out on first when he tried to make one for the marketeers. Gripestraw hit the first safe one for a single and Takaha advanced him to third with a double. With two away and two men on, catcher Pierce swatted a double to bring in both Gripestraw and Takaha for the winning tallies.

The Campbell men were held to a blank with no hits and no runs until the top of the fourth while the marketeers pushed across four tallies in the same period. Both Gregg and Allen crossed in the fourth for the hardwaremen after taking bases when they were hit by pitched balls.

In the bottom of the fourth, the Cambrian batmen could squeeze out only one hit when Pierce singled but failed to score.

Two hits, a walk and an error gave the hardwaremen two more in the fifth to knot it up at four all. They gave up only one hit to their

opponents in the bottom of the same inning as Nunez socked a single but couldn't get to the home stretch.

In the top of the last round, Foglia scored to put the Campbell team in the lead, but the marketeers bounced back to take three hits for two tallies and win the game.

Pitcher Pierce starred for the Cambrians with his fine pitching show, giving the hardwaremen only three hits.

A dream comes true!

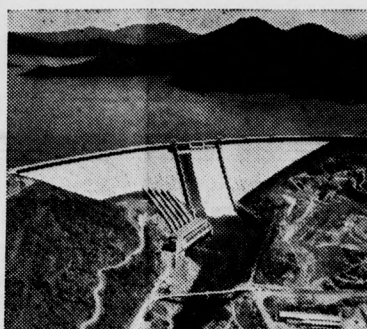

MORE WATER FOR CALIFORNIA FARMS!

Today water from Mt. Shasta flows through the canals of the great Central Valley Project. Californians have won a 16-year struggle with Nature to bring more water to the San Joaquin Valley, to add new agricultural wealth to the state.

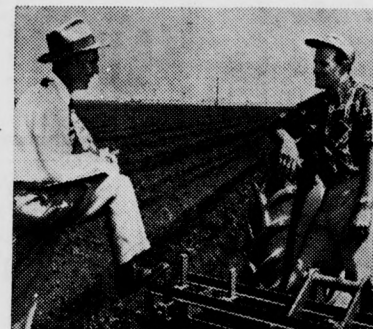

CVP was conceived by the people of California. In 1935, they called in the U.S. Bureau of Reclamation to do the construction job. And today that job is practically finished.

All California profits, for since the business of our cities is largely dependent on agriculture, what benefits the farmer benefits everyone.

HOW P.G. and E. HELPS PAY FOR THE CENTRAL VALLEY PROJECT and makes its water more useful...

Saves CVP users millions! Construction costs of CVP will total over 600 million dollars. This is to be repaid in 2 ways: 1) by sale of water; 2) by sale of electric power generated as a by-product. Already P. G. and E. has paid 37 million dollars to CVP for Shasta Dam power; and that power is transported to 8,000,000 Californians—everyone within reach of our lines. Our purchase of Shasta power reduces cost of irrigation water to farmers.

Aids in solving water problems. P. G. and E.'s Farm Power Advisory staff and pump testing crews are ready to help farmers get irrigation water at lowest cost. For those who switch from electric pumping to gravity irrigation, our men will assist in change-over plans. For the great majority who will continue electric pumping, our technicians will help solve water table problems. And as always, P. G. and E.'s Farm Advisory service is free.

Power rates among lowest in U.S. Electric pumping of irrigation water averages only 3 1/2¢ of crop production costs. Yet it is largely responsible for California farmers' high income—income which is three times the national average. Electricity and gas are both cheap in California, for P. G. and E. rates are far below the U.S. average. Other costs have skyrocketed since 1940, but P. G. and E. prices are still low—and are today's big bargain.

Jr. Odd Fellows Lose To Hard Hitting Independents, 19-5

The heavy-hitting Independents bounced over the Junior Odd Fellows when they unleashed a hitting spree for thirteen safeties and 19 runs. The Independents surrendered only three hits to the Odd Fellows and allowed five sleepers to sneak across the plate.

The Odd Fellows scored twice in the first stanza, but failed to crack the ball once. The Independents retaliated with a rash of five hits and eight tallies to draw an early lead in the contest.

While held to a blank in the hitting department in the second frame, errors and passes still gave the Independents another two runs, while they doled out a blank in hits and runs to the Odd Fellows.

The Odd Fellows took one hit when Shumway swatted the ball for a single in the third, but they failed to capitalize on the gain as Gilpatrick fanned for the final out of the inning. The Independents broke loose again in the bottom half of the same frame when they unleashed a four hit spree to tally five more times.

The Odd Fellows got a couple of passes in the fourth, but couldn't make a go of them as they drew a blank again. They showed some strength in the bottom of the same frame, however, when they blanked their opponents for no hits, no runs.

They continued to tighten up in the pitching department in the fifth as they held the Independents to no hits and only two passes. The passes, however, cost them two more runs as both men made good on their attempts.

They gave up only four more hits to the Independents, with two in the sixth and two in the seventh for a total of three more tallies while they were unable to hang on to another of Independent pitcher Taylor's balls.

S. C. County Ag Products Shown

The diversified fruits, berries, nuts and other agricultural products of one of California's wealthiest counties will be shown in the exhibit of Santa Clara County during the California State Fair, August 30 through September 9.

Work on the exhibit has been started by Rudy Theurkauf, Sausalito artist and designer, and when completed the space will provide an attractive setting for the numerous products of the county.

The county fair theme is being used by Theurkauf. The background will show a carnival and race track in colors and animation and will be provided by a ferris wheel and changing views of county scenes.

On a circular platform constructed at the base of the background scene will be displayed prunes, plums and other deciduous fruits, wines for which the county is famous, and nuts.

An assortment of berries and other highly perishable products will be displayed in two deep freeze boxes in the center of the exhibit. Special illumination will add color to the display.

LEGAL NOTICE

NOTICE TO BIDDERS

Pursuant to law and Resolution No. 82 of the District Board of County Sanitation District No. 4 of Santa Clara County, State of California, passed and adopted the 1st day of August, 1951, ordering work, determining prevailing rates of wages and directing this Notice, said District Board invites sealed proposals or bids for the following work to be done, to-wit: The construction of sanitary sewers and appurtenances with the materials thereof and in the manner set forth and in accordance with the plans, detail drawings, profiles and specifications adopted therefor, to which plans and specifications and resolution ordering work reference of said work and the terms and is hereby made for a description conditions under which the same is to be done.

Plans and specifications and proposed contract documents for the proposed work may be seen and examined at the office of said Sanitation District, to-wit, the office of Don Reinehl and L. Cedric Macabee, 156 University Avenue, Palo Alto, California, or may be secured at the engineering office of said Don Reinehl and L. Cedric Macabee by making payment of Fifteen Dollars (\$15.00). There will be a refund of Ten Dollars (\$10.00) on plans and specifications to any bidder or interested bidder who returns the same in good condition within five (5) days after the opening of bids.

Pursuant to law, workmen employed on said work shall be paid not less than the hereinafter set forth prevailing scale of wages:

Classification	Hourly Rate
Laborers, Group I.	\$1.95
Pipelayers, etc.	
Laborers, Group III.	1.70
General	
Trenching Machine Operators	2.57

all in accordance with the rates fixed by schedule adopted by the District Board of County Sanitation District No. 4 of Santa Clara County, to which reference is made for rate of payment not herein specified and for rates for overtime and legal holidays in the locality in which this work is to be performed for each craft or type of workman or mechanic needed to execute the contract.

Notice is also hereby given to bidders that it shall be mandatory upon the contractor to whom the contract is awarded, and upon all subcontractors under him to pay not less than said general prevailing rates of per diem wages, as above listed, to all laborers, workmen, and mechanics employed in the execution of the contract.

Before submitting proposals, the bidders shall be licensed in accordance with the provisions of Chapter 9, Division III, of the Business and Professions Code, Chapter 37 of the Statutes of 1939, as amended, of the State of California, which provides for the registration and licensing of contractors.

Each bidder must submit with his proposal a statement of his financial responsibility, technical ability and experience on the form to be furnished prospective bidders, and a statement as to whether the bidder is an individual, a partnership, a joint venture, or a corporation.

Each bidder shall submit with his bid, on the form provided, the name and address of each subcontractor, including the principal suppliers of materials, and the portion of the work which each subcontractor will do. If the contract fails to name the subcontractors in his proposal, he shall be deemed to have agreed to perform such portion of the work himself and shall not be permitted to subcontract said portion of work without previous written permission of the Sanitation District Board.

ALL PROPOSALS or BIDS must be delivered to the undersigned Secretary of said District Board at its office, to-wit, the office of the Clerk of the Board of Supervisors of Santa Clara County, Court House, San Jose, California, on the 29th day of August, 1951, up to the hour of 10:00 o'clock A.M., on which day at the hour of 10:00 o'clock A.M. in said office of said District Board, said PROPOSALS or BIDS shall be publicly opened, examined and declared, and each PROPOSAL or BID must be accompanied by a check certified

Ortolan Pitches Two-Hitter To Beat Netops, 16-5

Hard luck and a blow-up on the part of the Netop pitcher gave the Davenport Electric a crushing 16-5 victory over the locals. While the Netops held the Los Gatos team scoreless and gave up only one hit in the first two innings, the heavy strain on Netop pitcher Waddington broke him down in the third when the Electric's copped eight hits, including one homer to tally seven times.

The locals tried to make it back in the bottom of the third, but excellent skill on the mound prevented them from getting more than one hit for two tallies.

From that point on, it was all Electric as the boys from Los Gatos gave up only one more hit and allowed three runs to cross in the last.

Ortolan showed exceptional skill on the mound in giving up only two hits and four passes while his team mates went wild with the bat to sock 14 hits for 16 tallies.

Ortolan continued to cover himself with glory by slamming one all the way along with Stillman and Grassle.

Cambrian Homers Level Saratoga

In the Cambrian game it was home runs that beat Saratoga as B. Larzelere and J. Larzelere blasted fourmasters with teammates aboard. Cambrian jumped to an early lead when they scored four runs in the opening frame. With Oliver on first, Herring served up a pay-off pitch to J. Larzelere who promptly blasted a homer. Cuttrel followed with a single and was pushed around on a fielders' choice and an error. Nunez got on and later scored on a passed ball to make the score 4-0.

Cambrian had another big inning in the fifth when they scored three more runs. Moretti singled and Gripenstraw was passed and B. Larzelere stepped up to bring the maround with his homer.

Saratoga scored in the second on successive hits by Tedford and Boisseranc. Saratoga added two more in the final frame in what looked to be a big rally but fell short. Tedford walked to open the inning and was pushed to second when Boisseranc was safe on an

ror. The boys were pushed around the sacks by two more miscues, but Saratoga couldn't score more as Pitcher Pierce bore down to retire the side.

Ted Loud was the big gun for Saratoga, getting two hits in two trips to the plate, including a two-bagger. Tedford got one for two and scored two of the locals' runs.

Herring had good control as he struck out two and walked none. He was tagged for five hits by the Cambrian batters. Saratoga got to Cambrian's Pierce for an equal number of hits. Pierce walked four and struck out three batters.

Youth Club Chalks Up Another Win In Saratoga Tilt

A valiant Saratoga team went down to defeat at the hands of the league winning Cupertino Youth Club, 10-7, last Tuesday night. A last inning rally failed to turn in enough runs for the Saratogans and they pushed across three tallies in an attempt to down the giants. With two men on, Saratoga pitcher Herring slammed a triple to knock in Fundenberg and Boisseranc, and managed to cross him-

Lost Campbell Man Is Found After Midnight Search

Lee Barton, 54A Gilman Avenue, was rescued early Monday morning after becoming lost while on a fishing trip in the Santa Cruz Mountains Sunday with Ellis Green of Alma. The search party, consisting of Deputy Sam Moore, Deputy Norman Wilson, Russel Cone, and Green, who had contacted the sheriff's office after becoming separated from Barton on their trip Sunday, were aided in their search by three bloodhounds.

Barton, who had gone on a fishing trip Sunday with Green, became separated from his companion shortly after sundown, approximately ten miles beyond the end of Black Road. Green was able to make his way back to civilization and contacted the sheriff's office who sent a call out to Deputy Norman Wilson. Wilson organized the search party using hounds belonging to himself, Cone, and John P. Adams of Edenvale farms, to track down the missing man.

The Campbell man had gotten confused and went up Sheer Creek instead of Bear Creek's main stream. Realizing that he had become lost, Barton had bedded down for the night when the search party found him at about 8 a.m. Monday morning. He said he had stopped trying to get out of the area when it became dark.

Cone commended the lost man for staying in one place once he realized he was lost.

Green had succeeded in returning to the junction of Black Road and Skyline Blvd. which he reached about midnight. He returned with the search party, which was organized at 3 a.m. to continue the hunt. They found the man after a search of some 20 miles.

Barton, tired and hungry from his overnight stay, was otherwise none the worse from the ordeal. Green, who was the most exhausted from the trip, fell into his bed

Santa Clara Continues Annexation Moves At Meeting Monday Night

The city of Santa Clara carried out a portion of their plan to annex a series of roads throughout the county at a meeting of the trustees last Monday night. Those strip annexations coming closest to Campbell were along Santa Clara-Saratoga Road to Pruneridge and along Santa Clara-Los Gatos Road to Pruneridge.

While the State Legislature has passed a bill to outlaw strip annexations, the Santa Clara trustees had previously declared intention to annex certain portions of roads, which, if completely carried out, would split portions of Campbell area school districts.

Original action by the Santa Clara trustees started on April 7, when the board passed resolutions declaring intention to annex approximately 25 miles of road in the portion of the county. The move was met with a storm of protests from interested residents throughout the area, but the trustees, declaring that the moves were made to protect encirclement by the city of San Jose, refused to budge on most of the areas under dispute.

Action by the State Legislature in preventing further strip annexation was immediately started, but the Legislature, as finally passed, has no effect on the proposed plan of the city of Santa Clara because a retroactive clause in the anti-strip annexation bill was defeated. Should the trustees of the city of Santa Clara carry out their original plan, much of the area of the Campbell Union High School district would be divided.

after returning at about noon.

Cone, with an obvious touch of pride, stated that the dogs never once lost the trail despite the fact that the country was so rugged that at times it was a case of merely hanging on to the hounds straining at the leash. The dogs set such a pace, that once he fell into a small pool before he could check his pace.

SERVICE NOTES

FORMER CAMPBELL MAN IN KOREA Richard Metz, son of Mr. and Mrs. O. A. Metz, formerly of Campbell, is now serving with an airforce repair and maintenance group in Korea. Metz recently graduated from specialists school on the island of Eta Jima in Japan. He recently transferred from a lineman company into his present group.

Metz attended Campbell schools and graduated from Campbell high school. He joined the service in December of 1950. Planes from the Princeton are been supplying close air support for United Nations ground forces in Korea, with strikes against enemy lines of communications.

Based in Japan, the squadron flies the Navy's patrol bomber, "Privateer," a single tailed version of the famed Liberator bomber of World War II. One of the things making the squadron outstanding is the fact that each man in the individual flight crews has attained a working knowledge of every job on the huge plane.

During the present crisis, the squadron is deployed on patrols along the China coast and on both sides of the Korean peninsula.

CAMPBELL MAN WITH AIR FORCE Second Lieutenant Maurice L. Burke of 714 El Solvo Avenue, Campbell, was recently assigned to the Military Air Transport Service base at Mountain Home, Idaho, for duty with the 580th Air Resupply and Communications Wing on completion of the Army Language school.

During World War II, the lieutenant spent 17 months in the European theatre of operations where he participated in combat jumps in France. He also trained the First Chinese Commando Regiment.

Lt. Burke was recalled to active duty with the Air Force in January, 1951. Before being recalled to active duty he was an insurance agent for the Paul Revere Insurance Company at Worcester, Mass. He attended high school at Senn High in Chicago and is a graduate of the University of Illinois, class of '48, where he majored in economics and marketing.

His wife, the former Miss Callie Gowder, and their daughter, Nancy Ann, reside at 714 El Solvo Avenue.

MANUEL HERNANDEZ Manuel R. Hernandez, 18-year-old son of Mr. and Mrs. Ynez A. Hernandez, 714 Lovell Avenue, Campbell, has enlisted in the United States Navy through the San Jose Navy Recruiting office. He enlisted for a four year term as Seaman Recruit, and will receive his basic training at San Diego. Before enlisting into the Navy, he attended Campbell High school and graduated in 1951.

Miss Carole Schrader left on the Daylight last Thursday morning for a ten day vacation with her cousin, Nancy Schrader at Huntington Park.

"SMALL BUSINESS"

By C. WILSON HARDER

Senate Small Business Committee is investigating the newsprint situation that threatens the existence of approximately 10,000 weekly and independent daily newspapers.

A strange apathy exists in official circles toward the existence of these independent newspapers.

Newsprint prices have more than doubled in the past 11 years.

Bureaucrats also want to raise the post-C.W. Harder rates on newspapers.

But despite a reported newsprint shortage, strange things occur.

Marshall Plan continues to give millions of dollars worth of paper to foreign countries.

The general public should take action to protect the independent newspapers for the general welfare. The problem is far bigger than the welfare of the relatively few publishers.

Let these independent papers perish, and the entire national communication system is under the control of the bureaucrats.

There are many solutions to the problem.

One step would be for the government to curtail its propaganda activities. As revealed by the committee, the Federal government today uses 7 per cent of total newsprint supply while 10,000 independent newspapers use only 2 per cent.

Government acted fast on tin and rubber. Both of these commodities have become in greater supply and for less cost than just a few months ago.

©National Federation of Independent Business

But then, some big corporations were interested in both tin and rubber.

Part of the apathy in Washington on the newsprint situation is the feeling among many bureaucrats that the independent publisher is a pretty unreliable sort of a person.

He is so independent, he separates the facts from the propaganda, and facts are things that bureaucrats don't like published.

They feel operators of radio and television stations are much more reliable.

For example, right now, the nation's television stations are giving thousands upon thousands of dollars worth of time to running a propaganda film "The Marshall Plan in Action." It's called a public service feature.

It's probably the first time in history that a gun held to anyone's head has been called public service.

Radio and TV stations are at the mercy of the Federal Communications Commission.

Theoretically these stations are required to furnish equal time free to people who would like to point out that Marshall Plan is spending American tax dollars for such items as printing tourist guides for European travel and for a host of other activities.

But "public service" as interpreted by the bureaucrats, is a one way street.

That's why independent newspaper publishers are considered unreliable in Washington. They print the truth as they see it.

It is a safe bet that if newspapers would consent to government licensing, ways and means would be found to provide them newsprint.

MR. AND MRS. A. C. CURRIE and daughter JEANNE returned recently from a two weeks vacation trip. They spent one week at Lake Tahoe with MR. AND MRS. FRANK COOMBS, who have a boat pier at the lake during the summer, and the second week was spent driving up into Oregon and down the California coast.

Recent summer guests at the home of MR. AND MRS. ELMER HOERLER, 80 N. First Street, included their daughter, MRS. JOSEPH KIRTON and grandchild, JULIA KIRTON, of Salt Lake City, Utah. Following a two weeks' visit in Campbell, where they also visited with Mrs. Kirton's grandfather, MR. JOHN STRONG, the Hoerlers drove the visitors back to Salt Lake, stopping to vacation at Lake Tahoe on the way.

Diamond Lake, Crater Lake and Klamath Falls, Oregon, and Clear Lake, Mrs. Kirtson is the former Jewel Hoerler of Campbell.

ORRIE GRIZZLE received a permit this week to erect a home on Homestead Avenue.

MR. AND MRS. C. O. FREUDE of Almaden Road had as their guests last week, MR. AND MRS. JAMES BURTON of Downey. The Burtons have located a home here in Redwood Estates and will move soon.

COL. AND MRS. JAMES McBRIDE are now at home at 604 S. Winchester following a seven week's motor trip of the United States on a "farewell tour" seeing relatives and friends and visiting places where Col. McBride was stationed during his years of service.

High points visited included Louisville, Chicago, Madison, Baltimore, Detroit, Milwaukee, Niagara Falls, Washington, D.C.; Old Point Comfort, Columbia, Myrtle Beach, Jacksonville, St. Augustine, Pensacola, Biloxi and the Grand Canyon.

Col. McBride stated that they found the roads and landscaping in Florida much better than those of California and they were impressed by the cleanliness of Eastern highways. They also brought home an impression of a nation on the move, with sleeping accommodations impossible to locate unless one had advance reservations. The McBrides covered 9500 miles on their trip. However, the cool Santa Clara Valley evenings proved to be the drawing pint for home.

J. C. HUMMEL observed his birthday Friday, August 3, with a birthday dinner at his home on Kenneth Avenue. Present were his parents, MR. AND MRS. R. B. HUMMEL. Dropping in to offer felicitations during the afternoon were Mr. Hummel's aunts, MISS SARAH CORY, MRS. WILLIAM G. ALEXANDER and MRS. C. E. HABLUTZEL.

MRS. LBEN HOWARD returned this week from Oregon where she visited her mother, MRS. ANNA ABRAHAM of Portland and her brother and sister-in-law, MR. AND MRS. KENNETH ABRAHAM of Hood River. Mrs. Howard accompanied the L. C. ACKERMANS, former Campbell residents now living in Lafayette, who were also visiting in Oregon.

MRS. JOE KEESLING of Union Avenue was hostess Tuesday afternoon at a potluck luncheon served in her patio for four nieces and their families and friends. Present for the affair were nieces MRS. VICTOR REINSCHMIDT and her daughter JUDY, MRS. ERNIE RALPH and children DIANA, NANCY and GARY; MRS. WILLIAM ANDERSON and children CONNIE and JEFF; MRS. REX MAUZY and son Rodgers; MRS. MABEL ROOT and MISS BARBARA ROOT. Miss Root, a teacher in Palm Springs, is vacationing with her parents during the summer.

The garden of MRS. J. J. PARDEE at 302 Sunnyside Avenue was the setting Monday evening for a neighborhood "corn potluck," the corn being furnished by Col. James McBride from his garden. Fourteen neighbors were present to enjoy the corn and friendly conversation.

MRS. GEORGE SMITH JR., of Sunnyside Avenue, has been confined to her home recently with a severe attack of neuritis.

The REV. FREDRICK HUMPHREY of San Francisco is visiting at the home of his daughter, MRS. HARVEY CHRISTIAN on Sunnyside Avenue for a few days. Mrs. Christian has been quite ill recently, but is now improving.

Christian Science Church Lesson-Sermon

A Lesson-Sermon on the subject "Love" will be read in all Churches of Christ, Scientist, this Sunday, August 5, in which Biblical citations will include the following verses from Galatians:

"Brethren, ye have been called unto liberty; only use not liberty for an occasion to the flesh, but by love serve one another. For all the law is fulfilled in one word, even in this: 'Thou shalt love thy neighbor as thyself' (5:13, 14).

Each section of the sermon will contain correlative passages from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy, from which the following have been chosen:

"When we realize that there is one Mind, the divine law of loving our neighbor as ourselves is unfolded; whereas a belief in many ruling minds hinders man's normal drift towards the one Mind, one

MRS. RAY FISH of the What Not has been attending gift shows in San Francisco during the last week. Visiting with the Fish family for three weeks is MRS. VERA COOKE of Texas. Mrs. Cooke is Mrs. Fish's sister.

A plastic party was the theme of the evening Monday when MRS. O. J. GRISWOLD entertained at her home on Kenneth Avenue.

County Disease Rate Declines

Diseases reported to the Santa Clara County Health Department continued to decline during the week ending July 28. A total of 22 cases was reported this week; last week 32 cases were reported. For the second consecutive week, reportable diseases have fallen to a level below that of the corresponding period in 1950. Polio, with five cases, led the list of reported diseases. Single cases of polio occurred in Gilroy, the Gilroy rural area, Mountain View rural area, San Jose rural, and Alma. This is the expected seasonal increase in polio. However, two of the five cases reported this week had their onset in the month of June.

The incidence of measles continued to decline and there were only four cases reported this week. The incidence of venereal diseases is considerably above last year's level. So far in 1951, 82 cases of gonorrhea and 128 cases of syphilis have been reported to the County Health Department. 72 cases of gonorrhea and 92 cases of syphilis were reported in the corresponding period last year.

God, and leads human thought into opposite channels where selfishness reigns... Universal Love is the divine way in Christian Science" (pp 205, 206).

Campbell Has Most County Fair Entrants To Date

Campbell is leading all other towns in the county in the number of entrants to date in the County Fair this year.

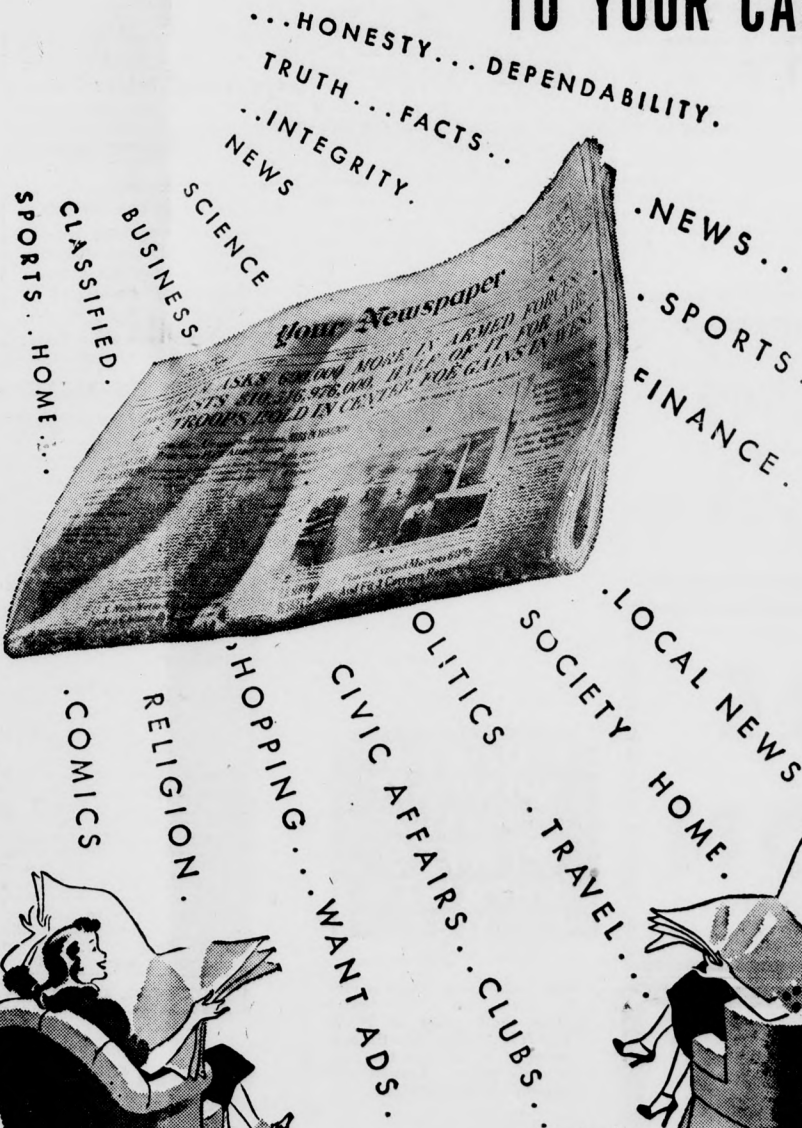

Campbell Garden club was the first organization from Campbell to enter an exhibit in the 1951 County Fair with their application to display an informal garden. The application was submitted by Dorothy M. Dunn, chairman of the club.

The M. S. Keeslings of 451 North Los Gatos-San Jose Road will exhibit a one-family farm display. Harry Barnes of 534 East Casey Road was the first to submit an entry for apricots and will show Blenheim cots from his Campbell ranch.

Norman Buchanan of 1073 Walnut Drive was the first entrant in the junior division poultry department of the fair this year. Marvyn G. Wood, 891 San Tomas, is another entrant in the junior department and will exhibit his Duroc Jersey swine.

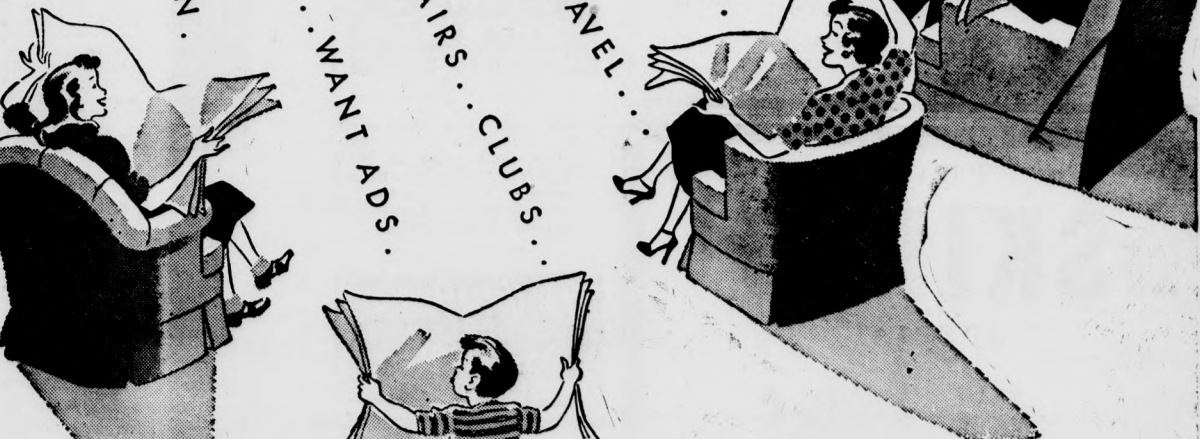

Entry deadlines are September 8 for floriculture, September 8 for agriculture, and August 15 for junior division livestock.

licenses and Permits ...

(Continued from page 1)

The following tabulation covers seven cities selected by the revenue committee as being more or less comparable with Campbell. In this connection, it will be noted that the average is \$3.28 as against \$2.17 for the nine cities of Santa Clara County and \$2.79 for the 304 cities of California.

Revenues received from licenses and permits by seven selected cities and state totals for year ending June 30, 1950.

	Licenses	Permits	Departmental	Total	Number	Avg.
City	Business	Dogs				
Banning	\$18,000	\$1,000	\$	\$19,000	7,022	\$2.70
Barstow	33,000	1,000		34,000	6,130	5.54
Benicia	11,000		1,000	12,000	7,275	1.65
Concord	11,000		5,000	16,000	6,980	2.30
Escondido	31,000	2,000	4,000	37,000	6,608	5.60
Mill Valley	10,000	1,000		11,000	7,241	1.52
Porterville	24,000		5,000	29,000	6,857	4.23

Total **\$138,000 5,000 15,000 158,000 48,113 3.28
304 cities 15,651,000 888,000 3,304,000 19,843,000 7,122,576 2.79
zz Campbell 8,000 3,000 11,000 10,000 1.10

* Federal census as of April 1, 1950.

** Average of \$2.87 per unit of population.

zz Judgment estimate not supported by accurate details.

The nine cities covered by the following tabulation were selected for comparison because of their abnormally low city tax rate. Special attention is invited to the unusual assessments imposed in connection with Licenses and Permits. The lowest being \$3.27 for Capitola with a high of \$11.57 for Signal Hill and an average of \$8.07 per unit of population for the group.

Seemingly there are indications that some of the charges may be more or less excessive and unreasonable, as for example, Alviso, Gardena and West Covina as a group, collected \$172,113 from licenses and permits as against \$87,358 from property taxes. However, no further analysis is made herein as result would have little value to merchants of Campbell.

Revenue received from license and permit fees by nine selected cities showing the highest general city tax rate as varying from \$0.25 to \$0.80 per \$100.00 of assessment valuation. Year ending June 30, 1950.

	Licenses	Permits	Departmental	Total	Number	Avg.
City	Business	Dogs				
Alviso	\$0.25	\$ 3,000	\$	\$ 3,000	582	5.15
Bev. Hills	0.67	182,000	4,000	182,000	28,915	8.09
Capitola	0.60	4,000	2,000	6,000	1,828	3.27
Carmel	0.80	22,000	1,000	23,000	4,321	5.79
Gardena	0.80	133,000	3,000	136,000	14,418	10.19
Ripon	0.60	7,000	1,000	8,000	1,562	5.12
Signal Hill	0.70	17,000	30,000	47,000	4,059	11.57
Sonoma	0.79	14,000		14,000	2,437	5.74
W. Covina	0.35	9,000	1,000	10,000	6,248	8.07

Total **\$391,000 9,000 106,000 506,000 62,648 8.07
304 cities **\$15,651,000 888,000 3,304,000 19,843,000 7,122,576 2.79
zz Campbell **\$8,000 3,000 11,000 10,000 1.10

* Federal census as of April 1, 1950.

** Averages of \$6.24, \$2.19 and \$0.80 per unit of population.

zz Estimates not supported by definite data.

As a result of incorporation, the newly elected city council will be faced with the responsibility of making decisions of local importance to all of the citizens. At the beginning there is bound to be some confusion as to an equitable charge for business licenses, especially in view of the meagerness of readily available data. Therefore, it is respectfully suggested that:—

(a) The first city ordinance covering Business Licenses be predicated on a three-month trial basis, and then amended according to the accumulated experience.

(b) None of the license fees provided for should be so applied as to occasion an undue burden. In any case where a license fee is believed by a licensee or applicant for license to place an undue burden upon such business, trade, profession or calling, he should be permitted to apply to the City Tax Collector for an adjustment of the fee, to end that it shall not be discriminatory, unreasonable or unfair as to such commerce or calling.

More About Union Pickets

(Continued from page 1)

the Campbell area. "The decision of whether or not to sign any contracts will rest with the employees."

Employees of the Blue Bell stated that they were well satisfied with their wages and working conditions. "This is one of the best places to work that I know of," one of the employees stated.

Sprague said that he had been told by members of the union last Friday that if he refused to sign a general contract, pickets would be placed at the establishment. He had originally been approached by officials of the union last February, but told them that he had only one employee at the time and he might consider it when he increased his help during the summer rush season. Sprague stated this week, however, that he would do nothing until an election of employees was held.

More About Cambrian Club

(Continued from page 1)

merely representatives of special interest groups who have nothing to lose and, financially, stand to profit a great deal from the incorporation of the Campbell area."

The co-chairman also stated that the county schools were far superior to any city school in the state. "The county schools are the only ones in the state who are conducting full day sessions at the present time."

He added that the group would not be opposed to paying for municipal services should they be forced upon them by passage of the urban unincorporation bill as long as they actually received them.

He went on to say that the people of the Cambrian district are not opposed to the incorporation of the Campbell area as long as it does not include the district mentioned in the petition.

Twelve petitions, addressed to the county board of supervisors are being circulated. Kaiser stated that he had no idea how many signatures would be obtained, but he stated that he expects to have approximately 64 signers to the petition which he himself is carrying. The petitions request that certain property be excluded from any plan or plans for incorporation with Campbell. Kaiser emphasized that the signers do not wish their votes to be counted either for or against the incorporation plans. "We will fight incorporation of the whole district only if we are forced to become a part of it."

FROZEN FOOD STORAGE

Commercially frozen fruits which you plan to use the day you buy them can be stored anywhere in the refrigerator. Frozen meat can be kept two or three days on refrigerator shelves—or up to a week if your refrigerator has a special meat storage drawer under the freezer compartment.

UNPARALLELED OPPORTUNITY!

Worker earning \$10 for 8 hours' work offered opportunity to earn same amount by working 81 hours!

FOREMAN experienced in the assembly of radios or like product. Must have complete knowledge of line production methods of wiring, soldering, etc., also mechanical and electrical methods of testing. For

Help Men

RADIO DESIGN ENGINEERS
Must have 5 years experience in design of R.F. low power electronic equipment, where space limitations and service conditions are difficult. Established industry. Located near San Francisco, 35 miles south of S. F. Call Radio Laboratories, 2100 S. F. for appointment.

REAL ESTATE Sales Organizations wanted for Mountain Lake development. 115 hr. West 124th, (Area 124th) 3112.

RECEPTIONIST—Guard, un 40 yrs. Bank. \$2000. 1000 Broadway, New York 100.

REGISTERED Practical Nurse, \$100 per month, Room, Board and Laundry. Vacation, Insurance and Pension Plan. Apply 1456 Broadway, New York 100.

SALES SERVICE ENGINEER—For industrial water treatment. Metropolitan area. Basic knowledge of chemistry & engineering. \$2500 per month. Start. All applicants must be a nationally known company. 100 Broadway, New York 100.

Would you bother answering this ad?

If you did, it would be with a laugh.

But wait a minute...

You are being offered just this opportunity — by those who say that the communistic system of government provides more for the "average" man than our own American system. And that, therefore, you should think about switching systems.

In Russia, leading exponent of communism, the average worker has to work 81 hours (two 40-hour weeks) to earn the same \$10 worth of goods that the average American worker earns in one 8-hour day.

Why the big difference? Because we are free to produce so much better. With the use of better machines—more power—we turn out more and better goods each hour we work than any other country in history.

During the last 40 years alone we increased our use of machine power 4½ times—doubled our production—and our wages were almost doubled, yet we cut about 18 hours from our

work week.

Nobody, of course, denies that the system has its faults today. Prices fluctuate. Depression is not an impossibility. There is some unemployment. Management-labor relations are not without friction.
